Visual Arts

We've been busy in art class! Students have recently completed a painting project where we learned about traditional Woodland Art. We aimed to encapsulate the style, blending traditional legends and myths with contemporary mediums, exploring the relationship between people, animals and plants that is rich with spiritual imagery and symbolism. Students chose a legend or story they wanted to portray and created their own artistic representations. Our class has also recently wrapped up 'Project of Heart', which is a years' long project where our students, over time, collectively create tiles that complete a large scale design. The project aims to commemorate residential school survivors and their own individual experiences while celebrating their strength and resilience.

Skoden Award - March 2022

Chelsea Martin is being awarded March's Skoden award. Chelsea is determined to obtain her Ontario Secondary School Diploma - while raising her daughter of 11 months. She clearly demonstrates the grandfather teaching of bravery. Her determination and perseverance is an inspiration to all. She completes all assignments to the best of her ability and even re-submits her assignments. Congratulations Chelsea!

Iroquois Raised Beading

Chi-miigwech to Melynda, Darlene and Larry for teaching the students in the First Nations People of Canada and Learning Strategies courses how to do Iroquois Raised Beadwork. We are so grateful to have such amazing knowledge keepers and teachers within our community!

Enjoying the Warm Weather

Students and teachers are starting to take advantage of the warm weather. Many are going for walks down by Lake Nipissing to take brain breaks to practice self-care and re-centering and re-focusing.

Celestial Tourism Agency

The work the Grade 9 Science class has been doing is **OUT OF THIS WORLD**. Students put together advertisement campaigns for travel to other worlds. They researched their preferred destinations, named their company, came up with some very cool logos, and made some compelling marketing for acquiring space tourists.

ABBA Revisited

Nbisiiing's Drama class attended the Capitol Centre with family members and staff to take in ABBA Revisited! It was an amazing evening full of singing and dancing! Miigwech to Albina for organizing this trip and Jessica, Alex, Rosemarie and Michael for helping chaperone!
